SUPERINTENDENT'S REPORT

- 1.) 7/8/13 – Wastewater staff assisted the Street Dept. with repairing 3 potholes at the intersection of Market and Mill Street.
- 2.) 7/8/14 – The Commissioner's Report for June 2014 was completed and submitted.
- 3.) 7/10/14 – Two lysimeters, instruments used for the collection and sampling of soil moisture, were installed at the Spray Farm by a licensed well driller. Installation of the lysimeters was required by the Groundwater Section of DNREC.
- 4.) 7/10/14 – Wastewater staff assisted the Water Dept. with the installation of water meters at the Wawa currently being constructed.
- 5.) 7/11/14 – Super. Collins observed and inspected the pressure and mandrel testing performed on the now completed sewer main and laterals that are part of Phase 3A at Heritage Shores.
- 6.) 7/17/14 – The EPA performed an audit of the Town's pretreatment program. The audit consisted of paperwork review and on-site visits to the pretreater's facilities.
- 7.) 7/22/14 – Wastewater staff received training on Lysimeter sampling.
- 8.) 7/23/14 – Background samples were obtained from the lysimeters as required by DNREC. They will be sampled monthly for the foreseeable future.
- 9.) 7/29/14 – Wastewater staff met with Landmark Eng. at the site of the future Dollar General to provide information about options for sewer connection.

Respectfully submitted,

Jeff Collins

Wastewater Superintendent
