### Meters removed : 2

206 S. Cannon St.  
410/412 Market St.

Service Calls : 35

Shut-offs : 1

1. Water meter readings
2. Routine samples and readings at wells
3. Monthly water samples and usage report for the Office of Drinking Water
4. Performed routine duties and regular maintenance
5. Turned in report for public works time spent at phase 3
6. Meetings with Town Manager
7. Did walk thru for Walnut St. project with DBF and Contractor
8. Water meter replacement project still in progress
9. Plowed snow
10. Had meeting with Jason and Jeff about changes to H.S. phase 3
11. Attended the annual DRWA conference
12. Fidelity serviced and inspected generators at the 3 well sites
13. Removed inactive water meters
14. The new meters are installed at the fire house
15. Had Verizon here to fix service lines, to restore alarm and wells communications
16. Responded to numerous calls for frozen and or busted pipes over the weekends
17. The fire hydrant at Jimmy's grill has been ran over, in the progress of getting fixed
18. Spent time locating meter pits for the contractor
19. Spent time correcting meter information for Town hall
20. Checked several meters for zero usage reported from Town hall

The water department has experienced a large number of re-reads this past month. Due to the replacement of aged meters, the new meters are very sensitive and will read done to 100<sup>th</sup> of a gallon. The old meters may have not been accurate, but be assured the new meters are counting every drop.
