Department

See pages 5-8

Summer has arrived in Bridgeville! Our Town is always a beautiful showcase of flowering trees, shrubs and plants in the spring and summer and this year is no exception.

I am pleased to announce the Town has hired a new Chief of Police. The Commission has selected Mr. Robert Longo from Denton, Maryland, who will begin his responsibilities on July 1st. Please make Police Chief Longo feel welcome; be sure to introduce yourself to him and help him in any way you can to become acquainted with our Town.

On behalf of the Commissioners, I would like to offer our deepest, heartfelt thanks to Town Manager Mrs. Bonnie Walls as she retires from her position at the end of July. Bonnie was hired in July 2002 as Director of Development and became Town Manager in April 2003. During her tenure she has significantly impacted the professionalism of the Town office and the way we do business. She has adopted Bridgeville as her second home and we have adopted her. She has been a friend to many in our Town and has personally assisted virtually all our residents in some way over the years. Her amazing dedication to our Town will not be forgotten. We will all surely miss her and she leaves behind some big shoes to fill. We wish her the very best as she and her husband Lee relocate to North Carolina.

We extend our best wishes to Water Department Superintendent Mr. Doug Jones as he recuperates from triple bypass surgery. We want Doug and his family to know that the citizens of Bridgeville have them in their prayers.

Our thanks to everyone who participated in and attended the Town's Memorial Day Celebration. We had approximately 150 residents in attendance. We especially thank our Veterans and those currently serving in the military for their dedication. Let's remember our Veterans and our troops every day of the year.

William Jefferson

Building Permits / Revenue	14 / \$3,344.00	11 / \$335.50	13 / \$2,786.00
Certificates of Occupancy	3	0	3
Untagged/Inoperable Vehicles	3	4	1
Water Meters/Inspections	4 installed / 2 inspections	4 installed / 1 inspection	Information not available

Minutes from the Monthly Commission Meetings

April, May & June 2010

An amended Spray Irrigation Permit for our facility on Apple Tree Road has been received, allowing the Town a reduced rest period between spray applications.

The Town continues to receive a financial return of only 20-30% of traffic fines written by the Bridgeville Police Department. The Department of Transportation receives 50% of each fine written and the Town writing the ticket receives a very small return. The Sussex County Association of Towns (SCAT) has written letters of protest to the state and Bridgeville has appealed to their legislators.

The 55 MPH speed limit on Route 13 through Bridgeville was reduced during road construction and the realignment of Routes 13 & 404 and increased when completed. The Town will pursue a state assessment of cross-streets and businesses that enter directly onto the highway to consider reducing the speed limit permanently.

Standing water problems at the entrance to Heritage Shores will be corrected; Brookfield Homes' engineers are researching the appropriate solution.

Jack Cannon, Joe Conaway and John Shockley were re-appointed to 3-year Planning and Zoning Commission terms.

Production Well #7 at Heritage Shores, is 100% completed.

Heritage Rocks Properties Two, LLC was granted permission to subdivide Lot 4 in the Heritage Commercial area across Route 13A from the Walgreens drugstore.

The Town is pursuing the possible recovery of funds for extra expenses during the 2010 winter snow storms through the Federal Emergency Management Agency

The Town's Dangerous Building Committee offered a report on the apartment building at 15 Church St. and declared it a dangerous building. The owner will move toward re-locating the tenants, followed by demolition of the building.

The public parking lots at Town Hall and on Market St. have been re-stripped.

Officials from the Town of Seaford were given a tour of the Bridgeville spray irrigation facility and its operation.

Delmarva Power will be replacing 113 old mercury vapor streetlight fixtures in Town with energy-efficient high-pressure sodium fixtures.

The Commission adopted an Ordinance to raise the property tax from \$1.73 to \$2.00 per hundred dollars of assessed value.

From the Bridgeville Police Department

The Bridgeville Police Department would like to inform the citizens about issues that are of concern to this Department.

Since summer has come, please be aware of all the extra traffic coming through Bridgeville en route to the shore. Drivers, please allow ample time to get to and from your destinations. Allowing the extra time will decrease the already elevated possibility of vehicle accidents on our roadways with the extra beach traffic.

Parents, please make sure your younger children are supervised at all times when they are outside playing near any roadways.

There have been numerous accounts of mischief and vehicle theft complaints in the last month. Please check to make sure all vehicle windows and doors are secure before you leave your vehicle for the night and do not leave valuables in your vehicles.

The Bridgeville Police Department has implemented a Neighborhood Watch program. Residents interested in becoming involved in this program should contact the Police Department.

If you see anything that you believe to be suspicious, or notice criminal acts in progress, please call us immediately at the telephone number below or dial 911. If you have a concern about a police-related matter, please stop by the department or call us to discuss the matter,

Bridgeville Police Department Telephone: (302) 337-8302 Fax: (302) 337-8359

Town Manager's Report

On behalf of the Commissioners, I would like to express our sincere thanks to Mr. Earl Greason for his ten years of service as a Commissioner to the Town from 2000 to the present. With the decision to relocate to another area, Mr. Greason had to relinquish his position as Commissioner for Election District 1. We appreciate his dedication and service to our residents.

The Community Health Walk in April was very successful. We extend our thanks to all our 378 Bridgeville participants. We learned after the Walk that the calculations for trophy winner had been changed. We extend our congratulations to Sussex Tech High School who won the trophy with 314 participants.

The Commissioners and I commend Mt. Calvary United Methodist Church for their efforts in a clean-up project of N. Cannon St. and along the stream bank. Trustee Ms. Mary Jones assumed responsibility for the project and we thank her for the outstanding results. Sussex County Correctional inmates, along with church members, assisted with the project.

Per the Town Charter, the FY-11 budget was adopted June 1st. Information detailing increases for property tax, water and wastewater is found on page 4 of this newsletter. No monies have been included to pay for capital improvements, reserve funds, emergencies, equipment failures, etc. The FY-11 budget is extremely lean with all revenue sources and cost reduction measures being explored and implemented. Copies of budget highlights and the complete budget are available at Town Hall.

At the June Commission meeting, Mr. Jay Mervine of 210 N. Main St. was appointed as Commissioner for Election District 1. We welcome Mr. Mervine, who will serve until the March 2011 General Municipal Election.

Much attention has been directed to the pending hurricane season. The National Oceanic and Atmospheric Administration is predicting an above-average year with 14 to 23 named storms, 3 to 7 of which could become major hurricanes of category 3

strength or higher. Preparation is essential.

General Preparations: Secure all moveable items. Clear rainspouts and gutters; trim any trees that may pose a problem in high winds. Turn off gas, water, electric, etc. Keep your important papers in a waterproof container with you or store them in the highest, safest place in your home.

Prepare a Family Disaster Kit: 3-day supply of water (1 gallon of water per person, per day.) Non-perishable foods and a manual can opener. A change of clothes and shoes for each person. A blanket/sleeping bag and pillow for each person. Personal hygiene items. Flashlight/extra batteries for each person. Portable radio/extra batteries. Special needs: i.e. infant diapers/ formula or items for elderly/disabled family members. Don't forget your family pets when you make provisions.

Money: ATM's will not work during power outages.

Fuel: Gas pumps are also affected by power outages; fuel your vehicle/s in advance. Please be prepared.

I want to take this opportunity to say thank you to the Commissioners, employees and residents of Bridgeville for their support and acceptance over the past eight years. I have thoroughly enjoyed my employment with the Town and have made new friendships that I will cherish forever. I will never forget the many residents who have shown me kindness during my employment. Bridgeville is an amazing Town - wonderful people who are friendly, generous and have so much pride in their community. With growth down the road, please never lose these wonderful quality traits.

My husband and I are relocating to North Carolina to be near our son and his family. We are blessed with a wonderful son, daughter-in-law and three grandchildren. Our door will always be open and we welcome you to stop by for a visit - we will be 20 minutes from the Outer Banks!

Again, thank you for the opportunity to be your Town Manager. I sincerely appreciate the experience.

Bonnie Walls

Sex Offender List Update

The following is a current list of sex offenders residing within Bridgeville Town limits. Please direct any questions to the Bridgeville Police Department at 337-8302.

First Name	Last Name	Risk Level
Christopher L.	Corkell	Moderate
Terrence	Teagle	Moderate
(currently in prison)		

TAKE FIVE

Each one of us has at least five extra minutes in our schedule every day. It may be waiting for the water to boil or for a load of laundry to finish its cycle. Why not use that extra time wisely and "take five" out of your day to pick up trash around your property. If your yard looks nice, help your neighbor! Take Pride in Your Town. Let's keep it looking clean. We want Bridgeville to be a showcase!

New Faces on the Block

Welcome to our new Homeowners!

TOWN NEWS

PLEASE NOTE:

New Rates Take Effect in July

Water Rates

Gallons	Current Rate	New
0-5,000	\$1.79 per 1,000 gal	\$2.79
5,001-10,000	\$2.35 "	\$3.35
10,001 +	\$2.75 "	\$3.75

Examples of Increase to Homeowners:

Use: 5,000 gallons	FY10=\$8.95
	FY11=13.95
8,000 gallons	FY10=\$16.00
	FY11=\$24.00
15,000 gallons	FY10=\$34.45
	FY11=\$49.45

Wastewater Rates

Gallons	Current Rate	New
0-2,500	\$15 Flat Rate	\$24.00
2,501-5,000	\$4.10 per 1,000 gal	\$7.10
5,001-10,000	\$5.50 "	\$8.50
10,001 +	\$7.00 "	\$13.00

Examples of Increase to Homeowners:

Use: 5,000 gallons	FY10=\$25.25
	FY11=\$41.75
8,000 gallons	FY10=\$41.75
	FY11=\$67.25
15,000 gallons	FY10=\$87.75
	FY11=\$149.25

Building Permit Rates

Fee amended to equal 1% of Construction Cost

Property Tax Rates

Current Rate	New Rate
\$1.73	\$2.00
per \$100 of Assessed Value	

Examples of Increase to Homeowners:

Assessment=\$10,000	FY10=\$173
	FY11=\$200
Assessment=\$20,000	FY10=\$346
	FY11=\$400

Rental Property Fee & Registration

\$25 Fee per Bedroom Inspections Required

Business License Annual Fee & Registration

1-20 Employees	\$100
21+ Employees	\$200

All Businesses must show proof of Delaware State License and Liability Insurance

COMMUNITY ACTIVITIES

Friends of the Bridgeville Library

The Friends Group was pleased to present approximately \$4,700 from the "Rock for Books" Sock Hop on March 26th to the Bridgeville Public Library. These monies will be used for (1) Assistance in the development of a teen area at the library and (2) Purchasing materials to encourage preschoolers and young elementary students to learn their colors, shapes and letters and more about backyard birds.

Annual Drinking Water Quality Report for 2009
The Town of Bridgeville Water Department
PWS ID # DE 0000559
101 North Main Street
Bridgeville, Delaware 19933
April 28, 2010

We're pleased to present to you this year's Annual Quality Water Report. This report is designed to inform you about the quality water and services we deliver to you every day. Our constant goal is to provide you with a safe and dependable supply of drinking water. We want you to understand the efforts we make to continually improve the water treatment process and protect our water resources. We are committed to ensuring the quality of your water. **Our water source is groundwater. Our wells draw from the Columbia, Cheswold, and the Frederica Aquifers.**

The Division of Public Health in conjunction with the Department of Natural Resources and Environmental Control has conducted a source water assessment. If you are interested in reviewing this assessment, please contact the Town Hall, Doug Jones @ 337-7135 regarding its availability and how to obtain a copy.

I'm pleased to report that our drinking water meets federal and state requirements.

If you have any questions about this report or concerning your water utility, please contact **Doug Jones @ 337-7135**. We want our valued customers to be informed about their water utility. If you want to learn more, please attend any of our regularly scheduled meetings. They are held on **the second Monday of each month at 7:00 p.m. at the Town Hall, 101 North Main Street.**

Public Health, Office of Drinking Water and Bridgeville Water Department routinely monitor for constituents in your drinking water according to Federal and State laws. This table shows the results of our monitoring for the period of January 1st to December 31st, 2009. As water travels over the land or underground, it can pick up substances or contaminants such as microbes, inorganic and organic chemicals, and radioactive substances. All drinking water, including bottled drinking water, may be reasonably expected to contain at least small amounts of some constituents. It's important to remember that the presence of these constituents does not necessarily pose a health risk.

In this table you will find many terms and abbreviations you might not be familiar with. To help you better understand these terms we've provided the following definitions:

Parts per million (ppm) or Milligrams per liter (mg/l) - one part per million corresponds to one minute in two years or a single penny in \$10,000.

Parts per billion (ppb) or Micrograms per liter - one part per billion corresponds to one minute in 2,000 years, or a single penny in \$10,000,000.

Action Level - the concentration of a contaminant which if exceeded, triggers treatment or other requirements which a water system must follow.

Treatment Technique (TT) - A treatment technique is a required process intended to reduce the level of a contaminant in drinking water.

Maximum Contaminant Level (MCL) - The "Maximum Allowed" (MCL) is the highest level of a contaminant that is allowed in drinking water. MCLs are set as close to the MCLGs as feasible using the best available treatment technology.

Maximum Contaminant Level Goal (MCLG) - The "Goal" (MCLG) is the level of a contaminant in drinking water below which there is no known or expected risk to health. MCLGs allow for a margin of safety.

Maximum Residual Disinfectant Level (MRDL) - The highest level of a disinfectant allowed in drinking water. There is convincing evidence that addition of a disinfectant is necessary for control of microbial contaminants.

Maximum Residual Disinfectant Level Goal (MRDLG) - The level of a drinking water disinfectant below which there is no known or expected risk to health. MRDLGs do not reflect the benefits of the use of disinfectants to control microbial contaminants.

TEST RESULTS						
Contaminant	Violation Y/N	Level Detected	Unit Measurement	MCLG or MRDLG	MCL or MRDL	Likely Source of Contamination
Microbiological Contaminants						
Chlorine (as Cl ₂)	N	.4-1.63	ppm	4	4	Water additive used to control microbes
Inorganic Contaminants						
9. Arsenic	N	0.8 *(2008)	ppb	n/a	10	Erosion of natural deposits; runoff from orchards; runoff from glass and electronics production wastes
11. Barium	N	0.0131 *(2008)	ppm	2	2	Discharge of drilling wastes; discharge from metal refineries; erosion of natural deposits
14. Chromium	N	4.7-5.7 *(2008)	ppb	100	100	Discharge from steel and pulp mills; erosion of natural deposits
17. Fluoride	N	.70-1.03	ppm	0.8 -1.2	2	Erosion of natural deposits; water additive which promotes strong teeth; discharge from fertilizer and aluminum factories
20. Nitrate (as Nitrogen)	N	0-3.2	ppm	10	10	Runoff from fertilizer use; leaching from septic tanks, sewage; erosion of natural deposits
Synthetic Organic Contaminants including Pesticides and Herbicides						
25. 2,4,5-TP (Silvex)	N	0.054-0.12	ppb	50	50	Residue of banned herbicide
Volatile Organic Contaminants						
75. TTHM [Total trihalomethanes]	N	4.24 *(2007)	ppb	0	80	By-product of drinking water chlorination
Haloacetic Acids (HAA)	N	1.7 *(2007)	ppb	60	60	By-product of drinking water disinfection

Unregulated Inorganic Contaminants

80. Sodium (Na)	N	27.8-49.1	ppm	0	
81. Alkalinity (Alk)	N	130-193	ppm		
82. pH	N	7.4-8	ppm		6.5 – 8.5
83. Chloride (Cl)	N	9-12.4	ppm		250
84. Hardness	N	24.5-28.2	ppm		
85. Total Dissolved Solids (TDS)	N	206-268	ppm		500
Sulfate	N	2.1-2.9	ppm		
Chloroform	N	.99-1.79	ppb		
Nickel	N	0.9	ppb		

* The state allows us to monitor for some contaminants less than once per year because the concentrations do not change frequently. Some of our data, though representative, are more than one year old.

All other contaminants were in compliance with the Safe Drinking Water Act.

As you can see by the table, our system had no violations. We're proud that your drinking water meets or exceeds all Federal and State requirements. We have learned through our monitoring and testing that some constituents have been detected. The EPA has determined that your water is drinkable at these levels.

The sources of drinking water (both tap water and bottled water) include rivers, lakes, streams, ponds, reservoirs, springs, and wells. As water travels over the surface of the land or through the ground, it dissolves naturally occurring minerals and, in some cases, radioactive material, and can pick up substances resulting from the presence of animals or from human activity. In order to insure tap water is safe to drink, EPA prescribes regulations which limit the amount of certain contaminants in water provided by public water systems. Food and Drug Administration regulations established limits for contaminants in bottled water, which must provide the same protection for public health.

All drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some contaminants. The presence of contaminants does not necessarily indicate that the water poses a health risk. More information about contaminants and potential health effects can be obtained by calling the Environmental Protection Agency's Safe Drinking Water Hotline at 1-800-426-4791.

MCL's are set at very stringent levels. To understand the possible health effects described for many regulated constituents, a person would have to drink 2 liters of water every day at the MCL level for a lifetime to have a one-in-a-million chance of having the described health effect.

Thank you for allowing us to continue providing your family with clean, quality water this year. In order to maintain a safe and dependable water supply we sometimes need to make improvements that will benefit all of our customers. These improvements are sometimes reflected as rate structure adjustments. Thank you for understanding.

Annual Drinking Water Quality Report for 2009 cont'd.

Some people may be more vulnerable to contaminants in drinking water than the general population. Immuno-compromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. EPA/CDC guidelines on appropriate means to lessen the risk of infection by cryptosporidium and other microbiological contaminants are available from the Safe Drinking Water Hotline (800-426-4791).

Kiwanis Club of Bridgeville News

American Street Flags Kiwanians recently erected American Flags along three community streets: Market, Main and Church. They will remain up until the Apple Scapple Festival in October. The Kiwanians have purchased, maintained and erected the flags since 1991. This year, we are pleased to report the Lions Club joined with the Kiwanis Club and paid for one-half of the expense to purchase new flags.

Kiwanis Scholarships The Kiwanis Club of Bridgeville and Bridgeville Kiwanis Foundation presented \$1,000 scholarships to four recent graduates of Woodbridge High School.

Kiwanis Chicken Barbeque The Kiwanis Chicken Barbecue continues every weekend through the first week in October. During July and August the Chicken Barbecue will also operate every Friday. More than half of the weekends are scheduled to benefit local organizations with their fundraising efforts. The Kiwanians wish to thank all persons for their assistance and patronage.

Kiwanis Club to Host Governor's Visit The Kiwanis Club of Bridgeville will host the Official Visit of Capital District Governor Don Dudley to Division 11 on July 19, 2010. This special event will take place at the Kiwanis Barbecue facility with Kiwanians attending from all over Delaware and western shore Maryland.

Lions / Lioness Club News

Food Trailer Preparations by the Lions/Lioness are underway for our annual Food Trailer. We will serve oyster sandwiches, crab cake sandwiches, hotdogs/hamburgers, french fries and an assortment of drinks. The Lion's Club Food Trailer will open on the first weekend in July and remain open for eight consecutive weekends. The Lions and Lioness will alternate responsibilities each week. Please stop by and enjoy what the Lions and Lioness have to offer!
