From the President's Desk

The Town sponsored its annual Memorial Day Celebration on May 28th in the Bridgeville Cemetery. Over 150 residents came to honor those who have given their lives for our country so that you and I can live free. We were pleased to have great participation from our young people:

- Cub Scout Troop #166, Pledge of Allegiance
- Woodbridge High School Marine Junior ROTC, Color Guard
- Woodbridge High School Students: Sydnee Smith, Vocal Music; Terrence Roberts, Instrumental Music; Mia Vera, a stirring rendition of "Taps" on the trumpet; and Erica Parker, recitation of the Gettysburg Address

Five local WWII Veterans were honored during the event, including Ralph Cacace, Jack Hallman, Bud Hunley, Sidney Stein & Joseph Wheatley.

Special speaker was Mrs. Judy C. Campbell, who is a Gold Star Sister, active in many veteran events. Her theme was Remembrance; she challenged us that "those who have gone on before us are not dead until they are forgotten. It is our obligation to pay honor and remembrance and to not forget!" It was a wonderful event. I would like to thank Bridgeville resident John Barr, from the Heritage Shores Military Club, for organizing the event and Town employees Peggy Smith and Bruce Williamson for their assistance.

Our best wishes go with Pastor Dale Brown from Union United Methodist Church, who is moving to a new pastorate. He has served the church and our community for more than six years and has been a member of the Town's Board of Adjustment and the local Kiwanis Club. Pastor Brown will be missed by our community.

We are expecting another hot summer and I would ask all of our residents to be sensitive to their neighbors' well being. If you have a neighbor who is elderly or lives alone, please become aware of their needs and keep an eye on them during the heat. The Bridgeville Public Library and Town Hall will again act as "Cooling Stations" this summer. See page 4 of this newsletter for more information.

I am pleased to report the Town has adopted a balanced budget of $2,338,800 for the 2013 fiscal year, which begins July 1st. This budget is a 5% decrease from last year and includes no increases in fees to residents. Money has been budgeted to replace storm drains, purchase automated spray irrigation equipment and provide other enhancements at the spray farm. I would like to personally thank our department heads for their efforts in holding the line on expenses in their departments. They are to be commended for their daily efforts on behalf of our Town.

Have a wonderful, safe summer!

Pat Correll

### Minutes from the Monthly Commission Meetings

**April, May & June 2012**

The Commission has sent four charter amendments to our State Senator and Representative for their introduction to the General Assembly. They are as follows:

1. A change from 2/3 vote for the members of the Commission to terminate the Town Manager, to a simple majority of 3 out of 5 members. (The Commission voted 3 to 2 in favor of the proposed charter change.)
2. A “housekeeping” issue concerning verbiage that should have been removed from the charter when the Town changed to voting districts for municipal elections. The individual with the highest number of votes in each election district now wins the seat for that district. (The Commission voted 5 to 0 in favor of the proposed charter change.)
3. Allows the Commissioners to borrow money without the duty of a referendum by issuing bonds or other obligations to either the state or federal governments where the obligation shall bear no interest and the obligation shall be forgiven in its entirety. (The Commission voted 5 to 0 in favor of the proposed charter change.)
4. Allows the Commission to borrow up to $2.5 million (aggregate total), without the necessity of a public referendum, if the borrowing is for a proper municipal purpose. (The Commission voted 4 to 1 in favor of the proposed charter change.)

The Planning and Zoning Commission approved Union United Methodist Church’s consignment shop in the former library building. “The Church Mouse” business is now operational.

The Bridgeville Police Department and Fire Company, in conjunction with the Drug Enforcement Agency, held a “Prescription Drug Take Back Day” on April 28th. Approximately 85 pounds of prescription drugs no longer in use were turned in for proper disposal by the DEA.

The Commission has authorized an Administrative Board to oversee the “Sanctuary for Kids” park next to Union United Methodist Church. Members will be Town residents, church members and Commissioner Krovack (whose district includes the park).

Ordinance A11-1 was approved, allowing for the owners of a dangerous dog to waive the special registration fee with the submission of training certificates, community service awards, or other similar certifications the dog has received corroborating its community service record.

Ordinance A11-2 was approved, which places all Town fees for fines violations into one Chapter of the Town Code, allowing for a uniform penalty provision for all violations. Violators will have the choice of a Justice of the Peace Court hearing or direct payment of fines to the Town.

DelDOT work continues at the intersection of Market and Main Streets. Handicap ramps are almost complete. The state is expecting to have the lights and pedestrian crossing signals wired and running within several weeks. The final project will be new asphalt for North Main Street.

---

### Community Clean-Up Day / Curbside Pick-Up

**Saturday, September 29, 2012**

**Curbside items must be out by 6:00 A.M.**

**Remove Fresh:**
- Refrigerators
- Freezers
- Air-Conditioners

**Stoves**
- Furniture
- Scrap Metal
- Household Trash

**Yard Waste - Keep Separate!**
- Limbs: 4 ft. lengths & bundled
- All other Yard Waste must be bagged

**These Items will not be picked up:**
- Tires/Construction Materials
- Batteries/Oil/Dirt/Rocks/Bricks

The following must be kept separate from other trash:
- Dried Paint/Stain, Etc.
- (Remove lid or place kitty litter inside to dry paint before discarding)
Town News

From the Bridgeville Police Department

This Has Happened 4 Times in Bridgeville Since January 2012!
As a grandparent, you get a phone call or e-mail message from someone who identifies himself as your grandson. He admits being arrested in another country, needs bail money wired quickly and doesn't want his parents to know because they will become upset.

Common scenarios: Early morning/late night phone call • Criminal pretends to be an arresting police officer, lawyer or doctor representing grandchild • Phony grandchild talks first and then hands phone to accomplice to spin the fake tale. Military families are also victimized with con artist claiming that a problem came up during military leave that requires money to be sent.

Avoiding the Scam: Resist the pressure to act quickly • Contact grandchild or other family members to determine if the call is legitimate • Never wire money based on a request over the phone or e-mail, especially overseas. Wiring money is like sending cash - once you send it, you cannot get it back.

If You Have Been Scammed: Financial losses in these cases, although substantial, typically don't meet the FBI's financial threshold for opening an investigation. Contact the Bridgeville Police Department at 302-337-8302 or state consumer protection agency if you think you've been victimized.

Summer Crime Prevention Tips
Summer is the season when many people take time off of work; however, for criminals and predators, it is a very active time of the year.

Be Observant in Public: Always lock your doors and roll up the windows when leaving your car. Car thieves regularly patrol parking lots and try door handles • Always store valuable items in the trunk, so that a criminal does not see them • Keep a close eye on your family members and everyone around you • Look for strangers who seem to be watching you or getting too close.

At Home: Many people store expensive tools in their garage and it is easy to forget to close a garage or house door or a window. Some criminals will work in pairs one coming to your door to distract you, while the other sneaks into your garage, back yard or home to take whatever they can grab quickly. Be wary of anyone who approaches your front door and don't let them take up too much of your time.

Every year thousands of burglaries occur all over the U.S. Teach your family how to guard themselves and your property.

VOLUNTEERS NEEDED
Preparation of Newsletter for Bulk Mailing

The Town is maintaining a list of residents who are willing to help prepare the newsletter for mailing (tabs/labels/etc.). There is no obligation involved; you would receive a phone call from Town Hall to check your availability when the quarterly newsletter arrives from the printer.

Please contact April at Town Hall by phone 337-7135 or email abuckler@ddmg.net to express your interest.

New Faces on the Block

Welcome to our new Homeowners!

Emily's Pintail Drive: Ruddy Duck Lane:
John Simeti The Richard McCormicks
Harlequin Loop: Gadwall Circle:
The Michael Grisers K. Lewis & D. Harrington
The Stanley Cottrells

Garbage/Recycling Services

There will be no interruption of garbage/recycling services due to the July 4th or Labor Day holidays. Recycling services are provided bi-weekly and collection will be as follows:

- July 6/20
- Aug 3/17
- Sept 14/28
- Oct 12/26

Reminder: Questions concerning your trash pick-up or containers should be directed to Waste Management at: 1-800-877-7531

8th Annual National Night Out

Thursday, September 13
5:30 - 8:30 PM

Bridgeville Fire Hall Parking Lot

The National Night Out Campaign strengthens neighborhood spirit and police/community partnerships. It heightens crime and drug prevention awareness and sends a message that our Town is organized and fighting back against crime.

Join Us for a Family-Friendly Evening
Community Activities

Bridgeville Historical Society News

Museum Openings: The Bridgeville Historical Society invites all residents of the community to visit our museum located at 102 William Street in Bridgeville. The museum is open:
- Tuesdays from 9:00 AM - 12:00 PM
- The first Sunday of each month from 11:30 AM - 3:00 PM (July 1 / August 5 / September 2 / October 7 / November 4)

Built in 1911 as the first fire house for the Town, the structure now houses the Society’s historical collection and serves as its headquarters. Because of its name, “Old Fire House,” many residents mistakenly think it is a museum just for old fire house equipment and memorabilia. Recent visitors have been pleasantly surprised to learn that the collection explores and displays the history of Bridgeville and the surrounding communities. Admission is free. Group visits may be arranged by calling 337-8595.

Up-Coming Event
- Friday, Sept. 7 Social/Auction at Heritage Shores Clubhouse. Call 337-3347 for more information and an invitation.

Patriot Day in Bridgeville

Patriot Day Honors:
- * Military
- * Police
- * Firefighters
- * EMTs throughout Delaware

Location: Heritage Shores Clubhouse
Sponsor: Heritage Shores Military Club
Date: Tuesday, September 11
Time: 10 AM - No Admission Charge

This event is open to all residents of Bridgeville & Sussex County

Summer “Cooling Stations” for Bridgeville Residents

Cooling Stations have been designated to assist residents who are in need of heat relief when temperatures and humidity are dangerously high from now until Labor Day. Please assist your elderly neighbors and those who have medical conditions that would be affected by high heat whenever possible.

Bridgeville Public Library
600 South Cannon Street
Monday-Friday 10 AM - 7 PM
Saturday 10 AM - 3 PM

Bridgeville Town Hall
101 North Main Street
Monday-Friday
8:30 AM - 4:30 PM

When visiting a Cooling Station, please bring medications, water and specialty items that you will need while away from home.

Lions / Lioness Club News

Service Project: On May 19th the Bridgeville Lions Club joined together to clean up the wetlands area adjacent to Rifle Range Road in Bridgeville and a considerable amount of trash was disposed of. The Lions Club is committed to serve the community through a variety of projects.

Awards/Scholarships: The Lions Club presented two Citizenship Awards of $250 each and the “Ray Passwaters Business Scholarship” of $500 to graduating Woodbridge seniors. The Lioness Club also presented a graduating senior with a $1,000 college award.

New Officers: The Lion’s Club is on hiatus from early June until the first Thursday in September. Installation of new officers took place at the Federalsburg VFW on June 22nd.

Friends of the Bridgeville Library (FBL)

July 11 - 6 PM Potluck Dinner Annual Meeting with election of new officers. (If you are interested in being part of the Friends leadership team, please contact the library; the Vice Presidency is vacant.)

August “100 years of Broadway” Clear Space Theatre Company presents Musical Theatre (date to be determined)
Celebration of Cecile Johnson Art Work. Forty watercolor prints have been donated to the library by the family of this internationally-known artist. Sixteen prints have been chosen for framing, but additional funds are needed to meet the expense. Monetary donations are welcome!

Please Check the Library Bulletin Board and Local Newspapers for More Information
Annual Drinking Water Quality Report for 2011
The Town of Bridgeville Water Department
PWS ID # DE 0000559
101 North Main Street
Bridgeville, Delaware 19933
June 5, 2012

Omissions to 2010 CCR have been added to this year's report in Bold Italic.

We're pleased to present to you this year's Annual Water Quality Report. This report is designed to inform you about the quality water and services we deliver to you every day. Our constant goal is to provide you with a safe and dependable supply of drinking water. We want you to understand the efforts we make to continually improve the water treatment process and protect our water resources. We are committed to ensuring the quality of your water. Our water source is groundwater. Our wells draw from the Columbia, Cheswold, and the Frederica Aquifers.

The Division of Public Health in conjunction with the Department of Natural Resources and Environmental Control has conducted a source water assessment. If you are interested in reviewing this assessment, please contact the Town Hall @ 337-7135 or go on-line to http://www.wr.udel.edu/swaphome/swassessments.html

I'm pleased to report that our drinking water meets federal and state requirements.

If you have any questions about this report or concerning your water utility, please contact Scott Kimball @ 337-7135. We want our valued customers to be informed about their water utility. If you want to learn more, please attend any of our regularly scheduled meetings. They are held on the second Monday of each month at 7:00 p.m. at the Town Hall, 101 North Main Street.

Public Health, Office of Drinking Water and Bridgeville Water Department routinely monitor for constituents in your drinking water according to Federal and State laws. This table shows the results of our monitoring for the period of January 1st to December 31st, 2011.

In this table you will find many terms and abbreviations you might not be familiar with. To help you better understand these terms we've provided the following definitions:

Parts per million (ppm) or Milligrams per liter (mg/L) - one part per million corresponds to one minute in two years or a single penny in $10,000.

Parts per billion (ppb) or Micrograms per liter - one part per billion corresponds to one minute in 2,000 years, or a single penny in $10,000,000.

Action Level - the concentration of a contaminant which if exceeded, triggers treatment or other requirements which a water system must follow.

Treatment Technique (TT) - A treatment technique is a required process intended to reduce the level of a contaminant in drinking water.

Picocuries per liter (pCi/L) - Picocuries per liter is a measure of the radioactivity in water.
Maximum Contaminant Level (MCL) - The “Maximum Allowed” (MCL) is the highest level of a contaminant that is allowed in drinking water. MCLs are set as close to the MCLGs as feasible using the best available treatment technology.

Maximum Contaminant Level Goal (MCLG) - The “Goal” (MCLG) is the level of a contaminant in drinking water below which there is no known or expected risk to health. MCLGs allow for a margin of safety.

Maximum Residual Disinfectant Level (MRDL) – The highest level of a disinfectant allowed in drinking water. There is convincing evidence that addition of a disinfectant is necessary for control of microbial contaminants.

Maximum Residual Disinfectant Level Goal (MRDLG) – The level of a drinking water disinfectant below which there is no known or expected risk to health. MRDLGs do not reflect the benefits of the use of disinfectants to control microbial contaminants.

* The state allows us to monitor for some contaminants less than once per year because the concentrations do not change frequently. Some of our data, though representative, are more than one year old.

All other contaminants were non-detects in compliance with the Safe Drinking Water Act.

**Lead:** If present, elevated lead levels can cause serious health problems, especially for pregnant women and young children. Lead in drinking water is primarily from materials and components associated with service lines and home plumbing. Bridgeville Water Department is responsible for providing high quality drinking water, but cannot control the variety of materials used in plumbing components. When your water has been sitting for several hours, you can minimize the potential for lead exposure by flushing your tap for 30 seconds to 2 minutes before using water for drinking or cooking. If you are concerned about lead in your water, you may wish to have your water tested. Information on lead in drinking water, testing methods, and steps you can take to minimize exposure is available from the Safe Drinking Water Hotline or at [www.epa.gov/safewater/lead](http://www.epa.gov/safewater/lead).

As you can see by the table, our system had no violations. We’re proud that your drinking water meets or exceeds all Federal and State requirements. We have learned through our monitoring and testing that some constituents have been detected. The EPA has determined that your water is drinkable at these levels.
The sources of drinking water (both tap water and bottled water) include rivers, lakes, streams, ponds, reservoirs, springs, and wells. As water travels over the surface of the land or through the ground, it dissolves naturally occurring minerals and, in some cases, radioactive material, and can pick up substances resulting from the presence of animals or from human activity. In order to insure tap water is safe to drink, EPA prescribes regulations which limit the amount of certain contaminants in water provided by public water systems. Food and Drug Administration regulations established limits for contaminants in bottled water, which must provide the same protection for public health.

Contaminants that may be present in source water include:

1) Microbial contaminants, such as viruses and bacteria, which may come from sewage treatment plants, septic systems, agricultural livestock operation, and wildlife.
2) Inorganic contaminants, such as salts and metals can be naturally occurring or result from urban storm water runoff, industrial or domestic wastewater discharge, oil and gas production, mining, or farming.
3) Pesticides and herbicides, which may come from a variety of sources, such as agricultural, urban storm water runoff, and residential uses.
4) Organic chemical contaminants, including synthetic and volatile organic chemicals, which are byproducts of industrial processes and petroleum production, and can also come from gas stations, urban storm water runoff, and septic systems.
5) Radioactive contaminants, which can be naturally occurring or be the result of oil and gas production and mining activities.

All drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some contaminants. The presence of contaminants does not necessarily indicate that the water poses a health risk. More information about contaminants and potential health effects can be obtained by calling the Environmental Protection Agency's Safe Drinking Water Hotline at 1-800-426-4791.

MCL's are set at very stringent levels. To understand the possible health effects described for many regulated constituents, a person would have to drink 2 liters of water every day at the MCL level for a lifetime to have a one-in-a-million chance of having the described health effect.

Thank you for allowing us to continue providing your family with clean, quality water this year. In order to maintain a safe and dependable water supply we sometimes need to make improvements that will benefit all of our customers. These improvements are sometimes reflected as rate structure adjustments. Thank you for understanding.

Some people may be more vulnerable to contaminants in drinking water than the general population. Immuno-compromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. EPA/CDC guidelines on appropriate means to lessen the risk of infection by cryptosporidium and other microbiological contaminants are available from the Safe Drinking Water Hotline (800-426-4791).

Please call our office if you have questions.

SUPPORT YOUR LIBRARY AT KIWANIS BBQ
SATURDAY & SUNDAY JULY 28 & 29

Kiwanis Club of Bridgeville News

Chicken BBQ Kiwanis Chicken BBQ continues every weekend through October 7th. During July and August the stand will also be open every Friday.

To manage the operation, the Kiwanians share several weekends with various Bridgeville/Greenwood area organizations to assist in their fundraising efforts. Each organization must have an emphasis on children and youth of this area; (i.e. Little League, Pop Warner, Key Club, Church Youth Groups, Libraries, 4-H Foundation, etc.) These groups furnish the staff for the serving operation, while the Kiwanians furnish the cooks. Through this arrangement the Kiwanians assist nearly 30 groups with a contribution of approximately $35,000 and 2,000 volunteer cooking hours each season.

It is through the public’s generous support that Kiwanis is able to provide these services and fill a void which otherwise might go unfunded.

Fall Season Meetings will resume in September on the first and third Mondays of each month, 6:30 PM at Union United Methodist Church.

Apple Scrapple Festival Don’t forget the Home Decorating Contest. Plan now and you could join the host of residents who have been winners of this popular Apple Scrapple Festival event.

Please contact Sonny Hardesty at 337-7070 for more information about Kiwanis activities and membership.

## Important Dates to Remember

### July
- **Kiwanis Chicken BBQ** open Fri.-Sun. in July
  - *Historical Society Museum* Open 11:30-3 PM
  - *First Sunday of Each Month* Open 9:00 AM-12:00 PM
- **Independence Day** Town Offices/Library Closed
- **Historical Society Social** Sudler House
- **Monthly Commission Mtg** Town Hall 7 PM
- **Monthly Street Cleaning**
- **Friends of Bridgeville Library Annual Mtg** 6 PM
- **Planning & Zoning Mtg** Town Hall 7 PM
- **Library Closed** – Support the Library at the Kiwanis Chicken BBQ Today & Sunday

### August
- **Kiwanis Chicken BBQ** open Fri.-Sun. in August
- **Monthly Commission Mtg** Town Hall 7 PM
- **Monthly Street Cleaning**
- **Woodbridge Schools**
  - First Day of School Grades 1-9 (Half Day)
  - First Day of School Grades 10-12 (Full Day)
  - First Day of School Pre-K/Kindergarten
- **Woodbridge Schools** No School

### September
- **Kiwanis Chicken BBQ** open Sat. & Sun. in September
- 3 **Labor Day** Town Office/Library & Woodbridge Schools Closed
- 7 **Historical Society Auction/Social** Heritage Shores Club House
- 10 **Monthly Commission Mtg** Town Hall 7 PM
- 10-14 **Monthly Street Cleaning**
- 11 **Patriot Day** Heritage Shores Clubhouse 10 AM
- 13 **Bridgeville’s National Night Out** 5:30 PM
- 17 **Woodbridge Schools** No School for Students
- 17-18 **Rosh Hashanah**
- 22 **Community-wide Yard Sale**
- 26 **Yom Kippur**
- 27 **Library Closed**
- 29 **Town Clean-Up Day**

### October
- 6-7 **Kiwanis Chicken BBQ - Last Weekend**
- 8 **Monthly Commission Mtg** Town Hall 7 PM
- 12 **Bridgeville Charity Open Golf Tournament**
- **Woodbridge Schools** No School for Students
- 12-13 **Apple Scrapple Festival**
