

## **Economic Development Committee Update**

### **April, 2019**

1. Worked with Rick Ferrell, Jason Loar and Jesse to begin the process of applying for a Downtown Development District (DDD). A meeting will be held on Friday, April 5<sup>th</sup> to 'walk the town' to determine some suggested district boundaries. Will also be discussing the vision and goals of the district to discuss with the Commission.
2. Jesse received quotes from vendors for the Flagpole/Memorial area next to Town Hall. Passwaters was the winning bidder. Awaiting a date for installation.
3. Continuing to work with the schools for the rocking chairs painting contest. Currently thinking about having the chairs displayed at the library for a public vote and then having the chairs at the June Fabulous Fourth Friday.
4. Talked with Jesse and the installation of the new town entry signs should be moving forward soon.
5. Two members attended the Main Street Conference this year and will be presenting their experiences at the next EDC meeting.
6. New Bridgeville license plates were completed and dropped off at Town Hall for sale.
7. Worked with CGI Communications to create the first draft of the town's online video. The draft will be reviewed and modified where necessary. Currently, the goal is to have the film crew here for the June Fabulous Fourth Friday to film some segments of the video.
8. The committee is working on doing an ad for the Chambers 2019 Visitors guide. Morning Star Publications is in the process of designing a proof based on the input from the EDC committee.
9. Have continued to publicize and contact vendors about FFF to increase the number of vendors.

Richard Grinnell  
Chairperson, Economic Development Committee
