Mr. Hill discussed the entire project with the Commission. Commissioner Moran asked what the price point was for each apartment. Mr. Calabro stated that they have an initiation underwriting but it's not set in stone and it depends on the unit type, but he wasn't prepared tonight to discuss that and can send that information to the Town. Commissioner Saunders asked who they are expecting to attract and how this plan fits in to the Town's Comp. Plan regarding affordable housing. Mr. Calabro stated that this will be Market Rate on both sides not affordable housing, subsidized or low income. Mr. Calabro stated that they think it will attract a wide variety of people, such as retirees and folks that work across the county. Commissioner Moran stated that he is not prepared to vote until he has his answers. Solicitor Schrader stated that this is only for the rezoning portion. Town Manager DeBussy stated that the application has not gone to Planning and Zoning or the Town's Planners yet. Commissioner Moran stated that he felt they should have come more prepared. Solicitor Schrader stated that they will talk about that later. Town Manager DeBussy stated that the Town cannot review anything else on this project until this is rezoned. Mr. Joe Conaway, Conaway Associates, stated that the schools have already seen this plan because that is part of the PLUS process and this was brought into the Town entirely commercial, they have downzoned it and R-2 is the right zoning.
