No, we're not adding any additional comments, were waiting for the SWM report per Jun, so as long as that's satisfactory, we're ready to approve.

Thanks,
Susanne

Susanne,

Should I be concerned that an entirely new set of eyes is review this project when we were requested to send Finals a month ago?

Ken,

Yes, we ran over the project status yesterday. Ryan will run a quick review and confirm with Danielle about SWM reports is good, then Susanne should be able to approve the EP.

Thanks,

Jun

Jun,

Based on our last e-mail, the only missing item for approval of this project is

Sediment and Stormwater Approval from the Sussex Conservation District. Do your records agree with that?

Thank you,

Ken
