**Date:** Wednesday, December 14, 2022 8:14:27 AM

---

I have no objection to this. The plans will remain "approved as submitted" in our system.

**Subject:** 0579-2201 Pods of Bridgeville

Desiree,

Our Site Plan is nearing final approval. I believe that there are no changes relevant to your review and approval.

The attached cover letter to the Town of Bridgeville indicates that the project has the following status indicated:

-

**Office of the State Fire Marshal**

1. Approval issued June 16, 2022 - Plan Review Number 2022-04-210465-MJS-02

[There are no changes on sheets C-4 and C-5 to the fire lanes, water distribution system and fire hydrant placement since this approval was issued. The Town Engineer requested the addition of a back-flow preventer, and that the hydrant be tapped directly into the existing 12" main instead of the 6" fire line extending to the building.](#)

-  
If you have no objection to this change, can you respond to this e-mail indicating that to be the case.

Thank you,

Ken
