

Hello Town of Bridgeville!

My name is Valerie Harrison and my twin boys currently play football for the Woodbridge AYF league here in Bridgeville. I am reaching out to you again to ask for any sponsorship you may be able to provide to help these kids get to Naples and finish what they have started.

Woodbridge AYF has been at Nationals in Naples for the past 3 years and were at Regionals in NC the year before. These kids have fought hard to work together as a team and build a comradery that is not known to many.

Unfortunately, as you know Bridgeville is a rural area with a lot of low socio-economic families. These kids and their parents struggle for necessities and the additional cost of travel, food, and lodging places a strain most of them cannot afford.

If there is anyway that you could help these kids and show them that their determination does not go unnoticed, we would greatly appreciate. We are currently fundraising on our own and are reaching out to local businesses to help offset some of the costs.

We thank you for listening and considering our request. This is such a BIG HONOR for our little town. Lets get these kids down there and finish this fight!

Thank you so much in advance-

Valerie Harrison
