

Planning and Zoning Commission Town of Bridgeville 2 Railroad Avenue Bridgeville, DE 19933

Dear Members of the Planning and Zoning Commission,

I am writing to express my strong interest in serving on the Planning and Zoning Commission for the Town of Bridgeville, Delaware. As a resident of Bridgeville for the past 3.5 years, I have developed a deep appreciation for our community's unique character, growth potential, and the challenges we face in balancing development with preservation. My commitment to contributing to the town's future stems from my firsthand experience living here and witnessing the positive impacts of thoughtful planning. I believe my background equips me to offer valuable insights and support the commission's efforts in guiding Bridgeville's sustainable progress.

My professional journey includes over 30 years in the construction industry, spanning both public and private sectors, where I have managed projects from inception to completion, ensuring compliance with zoning regulations, environmental standards, and community needs. This experience has honed my skills in site planning, permitting processes, and stakeholder collaboration, making me well-versed in the intricacies of land use and development. Additionally, my military service has instilled in me a strong sense of discipline, leadership, and dedication to public service, qualities that I have carried into my civilian career. These combined experiences have prepared me to evaluate proposals objectively and advocate for decisions that benefit the entire community.

I am eager to bring my expertise to the Planning and Zoning Commission and contribute to shaping a vibrant, resilient Bridgeville for generations to come. I would welcome the opportunity to discuss how my background aligns with the commission's goals. Thank you for considering my application. I look forward to the possibility of serving our town.

Sincerely, Scott Bornman
